Aiming High Together

Tuesday 17th December 2019

Dear Parents/Carers

Within our school grounds, Year 5 will be participating in further Forest School sessions next half-term from the week commencing Monday 6th January 2020. Each Forest School session will support the main curriculum in an outdoor environment.

Switzerland and Argentina Class will take part in Forest School once a week during school time on a Wednesday alternating between the morning and afternoon. Argentina Class will take part on 8th January, 22nd January, 29th January, 5th February and 12th February. Note that there will not be a Forest School session on 15th January for Argentina Class.

An integral part of the Forest School experience is that children will experience the outdoors in all weathers, with the exception of very severe weather. However, please assume that your child **will be outside** when they take part in Forest Schools, even if it is for a shortened session. To help achieve this, all children taking part in Forest School will need a waterproof coat, trousers, wellington boots/trainers/walking boots and warm clothing. Please bear in mind your child could possibly get muddy or dirty so **a change of clothes is essential** on their Forest School days!

Previously, consent forms have been signed to state that you understand Forest School will take place outdoors and that you will be able to send your child with the appropriate kit. This consent will continue and therefore forms do not need to be signed again. However, if you would like to discuss this please see Miss Barrett before Forest School sessions start.

If you have the opportunity to go on any walks and pick up any sticks/twigs that you could bring into school that would be extremely helpful. Also if you are available to help with the sessions and are DBS checked with school please let Miss Barrett know.

Yours Sincerely,

Miss Barrett (Forest School Leader)
